

Tesuco[®] has a range of accessories available. Most of these items are included in the gas cutting and welding kits, but are available to purchase separately as replacements or as additional items.

GAS WELDING GOGGLES

The goggles have a flip up design, which can be operated using one hand to reveal a clear lens for viewing the operation before or after the work is completed.

The goggles are designed to give protection to the eyes against lower levels of radiation in gas welding applications and any flying particles when grinding.

FEATURES

- Designed to fit over prescription glasses or safety spectacles
- The frame design enables a better fit to different contours of the face.
- Four indirect vents to prevent fogging

SPECIFICATIONS

Packaging type	Plastic bag with header card
Materials of construction	Moulded plastic
Body	Clear plastic and plastic shade 5
Lenses	Black elastic nylon
Strap	
Warranty	1 Year (manufacturer's defect)
Country of origin	Taiwan

PART NO.	DIMENSIONS (mm)		WEIGHT (kg)	
	PRODUCT ONLY	WITH PACKAGING	NETT	GROSS
GWGP	(H) 70 (W) 170 (D) 105	(H) 320 (W) 190 (D) 105	0.155	0.160

TRIPLE FLINT LIGHTER

Tesuco® triple flint lighter is designed for safe use to light any gas welding, brazing, heating and cutting tip or nozzle.

The cup pockets the gas for easy and quick lighting. It has three flints that can be rotated as one wears out. Replacement triple flints are available in four pack.

SPECIFICATIONS

Packaging type	Shell pack
Materials of construction	Plated steel
Marking	TESUCO (Flint gun only)
Warranty	1 Year (manufacturer's defect)
Country of origin	China

PART NO.	DIMENSIONS (mm)		WEIGHT (kg)		QTY
